TO WHOM SO IT MAY CONSERN

We have been in working relationship with M/s Aruna Industrial Corporation from the year 2003. We have many different cartons manufactures to choose from. Our number one and only choice is M/s Aruna Industrial Corporation, what sets them apart from the other suppliers is their commitment to the customer.

In the very first order itself Aruna Industrial was able to meet our requirements to the fullest of our satisfaction.

Aruna Industrial is the only supplier for the Records Storage Boxes to all our branches across India.

We are happy to have this business relationship with Aruna Industrial and we look forward to working with them for decades to come.

Thanking you
